Birds

Life Cycle of a Bird

Reread pages 18 and 19. Write a sentence to explain each stage of the life cycle. Color the pictures in when you have finished.

Date _____

Name _____

Birds

Glossary

A glossary of terms helps us know what words mean. All of the words below can be found in the book. Use the book to check what each word means. Then write the meaning in your own words to create a glossary all about birds. The first term has been completed as an example.

beak _____ a body part a bird uses to eat

flightless _____

incubating _____

life cycle _____

nests _____

ostrich _____

penguin _____

wings _____

wingspan _____
