Rain Forests

Hide and Seek

Look through the book again. Write a list of all the animals you saw or read about. Choose your favorite and draw it in the box. Write two things you like about it.

Rain Forests

Roll and Read

You will need: one 6-sided die (1 player mode) and a friend (2 player mode).

1 player: Roll the die. Choose a word from the row for that number and read it aloud. If you read it correctly, color it in. How many squares can you color?

2 players: Each player uses a different color. Take turns rolling the die and read a word, as before. The player with the most colored squares at the end is the winner.
